

CALL FOR ORGANISING A PARALLEL SESSION AT THE 1st EELISA INTERNATIONAL CONFERENCE 2023

Context

Have you been actively involved in EELISA along the past three years? Do you wish to share your experience, exchange learnings and celebrate what you have achieved during this pioneering journey? Then this is the perfect opportunity for you!

In line with the inclusive and co-creative approach of the alliance, the EELISA 2023 Conference will not only consist of a series of keynote speeches and high-level panels but is also looking to host and give voice to a good number of bottom-up and co-created sessions by its community.

Concretely, the conference will offer spaces for its community (students, researchers, staff, etc.) to organise different types of sessions for:

- Celebrating the achievements reached along the first three years of the Alliance.
- Raising awareness and discussing a concrete issue related to EELISA developments and implementation
- Initiating a reflection process on a key front for EELISA Phase 2 (Nov.23-Nov. 27).

Organising such a session will allow you to engage with EELISA stakeholders; organise a state-of-the-art discussion on a specific topic and formalise key contributions. Don't miss this chance!

Eligible topics and formats for the sessions

For organisation purposes, sessions proposals must fall under the following topics and formats:

Eligible topics	<ul style="list-style-type: none"> ✓ Engineering education ✓ Innovative pedagogies ✓ Impact for society ✓ Building sustainable cooperation ✓ Gender Equality, Diversity and Inclusion ✓ Entrepreneurship and Innovation ✓ The University of the future
