EELISA European University

Co-funded by the European Union

EELISA STAFF TRAINING

Job shadowing @ ENPC

Topics open to visiting colleagues from EELISA and Erasmus+ partner universities

Job shadowing means spending a few days alongside the ENPC colleagues who handle the questions you work on yourself: observing how they proceed, comparing practices and taking something usable back home. Choose one or more of the topics below, write directly to the person listed, and agree a programme together. Visits usually run from two to five days and can be funded through Erasmus+ staff mobility or the EELISA Job Shadowing Programme.

ENPC contact point for the programme: Thibaut Skrzypek — thibaut.skrzypek@enpc.fr.
